Dear Governor Schwarzenegger,

Please save Wylies Bait and Tackle in Malibu. It's a classic family owned and operated small business that's served generations of fishermen in Southern California. Wylie's is a perfect fit the the beach community of Malibu; it would be a terrible shame to take away Ginny Wylie's right to own and operate the business that her father built just to make a beach parking lot. Please don't let this happen! Save Wylie's Bait and Tackle!

Best regards,
